

TEAM BUILDING

BLACKBOX MOCKTAIL COMPETITION

Ever fancied being a mixologist? Well now's your chance! We'll bring you an assortment of seasonal juices, tinctures, garnish and all the necessary glassware. You break the group up into teams, make mock-tails (if you want the booze we're not opposed) and see who can create the most refreshing beverage – don't forget to name it!

DRAKE TRIVIA

Sports, art, music + government are all fair game in a private bout of Drake Trivia. Three rounds and an hour reprieve from conference calls and screen time is the best way to keep the creative juices flowing. If you want to reward your top performers just ask your coordinator about available prizes from the Drake General Store!

GAMES ROOM

You know what they say about all work and no play.. so let them play! Our Ping Pong table + assortment of quick + easy board games are sure to alleviate any 'brain drain' that your crew might be feeling. We'll let you decide the balance between business and pleasure, but we'd like to think that it'll be somewhere in the 50/50 range.

GUIDED ART TOUR

Drake loves art (done right). Take a tour around the building with the creative minds behind our famous curated collection. Learn the ins-and-outs of what it takes to organize a cohesive collection all while taking a much deserved break from a day of meetings. If you need a snack for the walk we're happy to make suggestions as well.

QUEEN WEST PHOTO HUNT

Take a self-guided tour of the 'Second Coolest Neighbourhood in the World' awarded by French Vogue. Queen West wildlife is a must see when in Toronto and we've curated the perfect photo hunt to get them up to speed. Take an hour, split into teams, take your smart phones and find as many items on the list as you can. If you're looking for prizes to incentivize the group our famous Drake General Store can help!

DRAWING CLASS / ADULT COLOURING

Have some doodlers in your group? Why not play to their strengths and book an hour to let them sketch, design + create with the help of one of our resident artists! After a quick overview + tips/tricks we'll let your imaginations takeover with all the tools you need to be inspired. Not that tactile? We've got a simpler option that includes some Drake-curated colouring book complete with a fresh box of pencil crayons. At Drake we don't care if you stay inside the lines.
