**Drake Hotel Properties** is a Toronto-based hospitality brand focused on a growing collection of culturally inspired hotels, restaurants and retail stores all set in unique neighbourhoods. We are proudly creating our own version of retreats where travellers, culture seekers and locals happily intersect to enjoy the thoughtful contradictions of urban and rural, modern and historic, sweet and savoury. From performance art to the art of the bespoke cocktail, to sleepover packages and corporate retreats, come find all the diverse ways you can stay, eat, play or shop with Drake.

# THE DRAKE HOTEL

**The Drake Hotel** is a cultural, entertainment and hospitality landmark in Toronto; a modern design destination set in a timeless, historic hotel that dates back to 1890. Ever since opening our doors on Valentine's Day 2004, Drake has come to be known as an energetic hub for visual and performance art as well as superb dining and hospitality. The West Queen West flagship is where it all started. Our Hotbed for Culture is more than a place to sleep and eat. From cozy and contemporary Crashpads to live music in the Underground where legendary acts like Beck and Peaches have held intimate live performances; to our award-winning cocktails on our year round, climate-defiant Sky Yard patio and our acclaimed Raw and Sushi Bar, there's always something to see, hear, taste and experience at the Drake Hotel.

“ THIS IS A HOTEL HEAVEN SENT FOR CUTTING-EDGE CULTURE VULTURES.

# DRAKE ONE FIFTY

Drake opened its first restaurant outpost in 2013, extending the cultural mandate for all things Drake in Toronto's bustling Financial District. Nestled in an early 1980s post-modern building with an array of mid-century inspired leather booths, a geometric tiled floor and artwork throughout, the beautiful, Martin Brudnizki designed space provides the perfect platform to highlight our playfully sophisticated food + beverage offerings. Paying homage to the long tradition of brasserie cooking, expect a playful twist on comfort classics with an emphasis on fresh, local ingredients. The menu, combined with a significant wine list and seasonal cocktails, is the reason why Drake One Fifty buzzes with the energy of business lunches, cultural connections, after work get-togethers, DJ'd evening sets, weekend and post-game celebrations. Come see for yourself.

# ARTS AND CULTURE

From Drake's inception in 2004, promoting and showcasing art has been integral to our vision. We work directly with established and emerging artists and performers to develop site-specific installations throughout our properties, display their art in our curated exhibits and perform on our many stages. Each Drake location is more than a restaurant or hotel; we are a cultural community centre that enthusiastically promotes contemporary visual and performance art. Our mandate is to welcome diverse audiences to engage in contemporary culture, to promote the work of artists and performers, to act as an incubator of new talent and ultimately to entertain, educate and delight our guests. Those who know us best say we're a hotbed for culture.
